The Erie Lackawanna Dining Car Preservation Society (ELDCPS) welcomes you aboard Dining Car 469 from the Lackawanna Railroad's famous "Phoebe Snow" streamliner launched in 1949.

Our mission is to preserve the passenger and dining car experience on the Erie Lackawanna and its predecessors through the purchase, restoration, and operation of Erie Lackawanna passenger and dining equipment. The dining car you are seated in today is the culmination of five years of restoration work by our all volunteer restoration staff.

This continuing restoration effort is made possible by donations and support from people like you. We thank you for joining us today and hope you will continue to support us through events like this, your charitable tax-deductible donations, and membership in the ELDCPS.

On behalf of the Board of Directors and members, we wish you an enjoyable meal and a safer journey wherever the road may take you.
